# Innovative solutions tailored for you

Fortezza Group stands at the forefront of redefining residential and commercial spaces. Our approach challenges the status quo by adopting alternative building practices that optimise both aesthetic appeal and financial returns. From high-rise apartments to bespoke commercial hubs, each project is a testament to our commitment to excellence and innovation.

We know that choosing a home or an investment is a significant decision. That's why we prioritise open and transparent communication, ensuring you feel supported and informed every step of the way. Our multi-skilled team doesn't just build; we listen, adapt and ensure that your needs are at the heart of every development. With Fortezza, you're not just investing in property; you're investing in a partnership that cares.

# Roberto Giammaria

GENERAL MANAGER AND SENIOR PROJECT MANAGER

Roberto has extensive experience in delivering high-end medium and high density residential and commercial projects spanning over 25 years. He holds Master's Degrees in Construction Project Management (University of New South Wales) and Property Development (University of New South Wales), as well as commencing a Law Degree (Juris Dr) at the University of Technology Sydney (UTS) in 2016–2018 — currently deferred with resumption in 2022/23. He also comes from a trade background and is a member of the Australian Institute of Project Managers (AIPM).

Roberto has been involved in the Procurement and Execution of large-scale projects ranging between \$1 million – \$150 million+ such as Darling Harbour Entertainment Centre, Centre Point Tower, Parliament House (ACT), Nikko Hotel, Arncliffe Residential Towers, The Residence Tower (Darlinghurst), Hurstville Bus Interchange & State Rail Electrical Power Stations and Newtown Apartments to name a few.

In addition to the these sectors, Roberto has extensive experience in the Residential sector, undertaking residential projects valued between \$1 million and \$18 million. These projects include Duplexes, Townhouses, Units and Luxury Homes, otherwise known as Blue Chip Residential. His role is Interface, to monitor, control and direct (be it Head Contractors or Principal). He leads the project team and has a lead role controlling both streams of the project — Procurement and Delivery. He is also responsible for the project's health (time/cost/quality) from commencement to completion.

Roberto is a seasoned campaigner in authority consultation, procurement and execution within the built environment, highly motivated in delivering the clients' needs to the highest quality, on time and within budget and highly instrumental in seeing the company grow at a steady and sustainable rate.

# Nik Bilic

FINANCE MANAGER

Nik holds a Bachelor of Commerce (Accounting Major) (University of Queensland) and is a member of the Institute of Chartered Accountants Australia. He is a registered tax agent with over 15 years' experience in the industry.

Nik manages the group's finances and has an interface with the finance Institutions; procuring construction

funding and reviewing project budgets and cash flow. Nik also has a lead role in preparing the Financial Feasibility Studies (using Estate Master) for all developments together with the other team members, Roberto & Spiro. Nik is able to analyse the impacts of GST and implements sufficient tax planning strategies to ensure all projects meet the required profitability.

# Jon Lindsay

SENIOR DEVELOPMENT MANAGER

Jon has over 17 years' experience in the property development field and has been actively involved in successfully delivering numerous developments to clients. Holding a Master's of Property Development and a Graduate Diploma in Applied Finance and Investment, as well as a Bachelor of Business Degree, he provides a broad base of formal qualifications to balance his extensive professional experience.

Jon is a highly experienced and accomplished Development Manager. With a track record of success and experience through all stages of the property development lifecycle, Jon can provide both development and project management expertise, spanning from

acquisition to delivery and end sale. His experience spans several different asset sectors including the industrial, residential, office, hotel and retail markets.

Jon has a well-rounded skill set and is driven by seeking and implementing the most profitable solutions and strategies on his projects. He is hands-on, professional and takes pride in his work. He's also able to work through the details while keeping a firm eye on the bigger picture. Having worked on projects across the eastern seaboard for the last 17 years, he has an extensive base of contacts with consultants, developers, builders and local and state government authorities.

# Spiro Tsokos

BUSINESS DEVELOPMENT MANAGER

In his 8 years with Fortezza, Spiro has been instrumental in positioning the group to capitalise on recent and current property booms. Spiro holds a Bachelor of Commerce (University Western Sydney).

Spiro leads the role of the development of business relations. He works alongside Nik and Roberto on the company's financial planning, both short and midrange, with the objective of positioning the company to less risk

and greater opportunity based on market conditions and cycles. Spiro is well-versed and understands the property market well.

Both Spiro and his wife Vanessa run a medium-sized Property Service which is a family-owned boutique agency specialising in Residential and Corporate leasing throughout the Sydney basin.

# Jemma Mann

BUSINESS DIRECTOR

Jemma brings a wealth of knowledge and expertise to Fortezza Group, rooted in her family's history in property development. With a diploma in business, Jemma is well-versed in business management, expertly overseeing the business affairs of Fortezza Group to ensure smooth operations and strategic growth.

Jemma is pivotal in driving Fortezza's success as the coordinator of four dynamic teams — Marketing, Insurance, Real Estate and Strata Care. Additionally, in her role as Personal Assistant to our General Manager and Senior Project Director, Roberto Giammaria, Jemma encompasses all business and development needs, highlighting her integral contribution to our organisation's achievements.

# Our consultants

Fortezza has worked with the same design team for over 15 years, so we want to take the time to thank all of our consultants for their hard work and the quality they've helped us produce over the years. We hold a high level of expectation, and every one of the consultants we work with is the backbone of who we are today. Thank you, all!

# Miss Moneypenny's

As a majority shareholder, we took on the design and construction of this stylish venue.

We used a broad array of textures, timbers, stones and lighting fixtures to craft an atmosphere that's as luxurious as it is inviting. This attention to detail ensures that every visit is a unique experience, perfect for any occasion.

With a project value of \$1.75M, Miss Moneypenny's was an enjoyable project that brought our strategic development expertise to a commercial project, using the same high-quality design and commitment we bring to our residential projects.

Whether you're dining out or celebrating a special event, Miss Moneypenny's is designed to impress. With a relaxed atmosphere and a focus on social dining, Miss Moneypenny's has attracted a huge amount of interest and press from around the world, fast becoming an iconic place to visit for locals and tourists alike. It has received several prestigious wins and nominations every consecutive year including being voted Best Regional Bar in Australia and listed in the Best 50 Global Finds by the Sun Herald.

# The Belvedere

The Belvedere is strategically positioned at the apex of Nelson Bay, offering unrivalled views of the ocean, the bay and captivating topography of the area.

Our commitment to maintaining the integrity of every view and sight line has been relentless. Through extensive modelling and analysis, we ensure that each apartment will enjoy the natural beauty of Nelson Bay, regardless of future developments. Each design element will be carefully curated to harmonise with our European heritage, drawing profound inspiration from the Roman architectural marvels in Istria.
